We are now asking all new applicants to

- A. Accept that first and foremost the Club is a sporting club.
- B. Understand that whilst the Club stock good quantities of quality fish, it cannot operate on a commercial put and take' basis and that members are limited in the number of trout they can kill and in this connection members are expected to exercise restraint.
- C. Fish within the Club rules. The Club has a good reputation with landowners and the sporting and local communities, that is based on rules which are applied in a friendly, fair but 'no nonsense' way.
- D. To declare if you ever been banned as a ticket or permit holder at any fishery or expelled as a member of any fishing club?
- E. To declare if you have previously been a member of the Club and if so state below the reason why your membership was discontinued. Please ignore if there is nothing to report.

Please sign below that you are prepared to accept those standards and we in turn would be pleased to admit you as a Club member.

Signature: Date:

Failure to supply factual information to the above questions will prejudice membership if at some subsequent date it is discovered that the answers given were incorrect when the application was submitted.
